

March Point Park and Ride

The March Point Park and Ride renovation project was completed on January 28, 2010.

Located on S. March Point Road just off Hwy 20 near Anacortes, the renovated and enhanced park and ride serves as a transfer facility for Island and Skagit Transit with 133 parking spaces available for ridesharing participants of carpools, vanpools and transit users.

The American Recovery and Reinvestment Act funded this entire project. Ravnik and Associates provided the design, engineering and construction management, the renovation and enhancement construction was completed by Schwetz Construction.

This facility is essential to the connections of Skagit and Island Transit, bringing passengers from Fidalgo and Whidbey Island into the urban areas of Skagit County.
