Revenues by Source

**Sales Tax** – Skagit Transit receives 4/10 of 1% of sales tax collections from the Public Transportation Benefit Area. Sales tax is Skagit Transit’s main source of revenue. Skagit Transit projects sales tax revenues to increase in 2020 by approximately 3% over the 2019 budget.

**Fares** - Skagit Transit provides local fixed route service, commuter bus service, general public demand response service, ADA transit service, and a vanpool program. Skagit Transit has been seeing flat or declining ridership in Fixed Route Services due to relatively cheap fuel cost in the past few years. Skagit Transit estimates that 2019 fare revenue will be approximately \$884,850. In August of 2019, the Board approved a fare increase effective January 1, 2020. The Board also approved charging paratransit riders a \$2 fare per ride. This service was free prior to 2020.

**Fixed Route Service:** Skagit Transit’s fixed route service includes local routes and commuter routes. There was no plan for service increases in 2019. A series of minor service changes will take effect In January 2020 but overall service levels will remain the same. The projected fixed route ridership for 2019 is 708,000 which is a 3% decrease from 2018. Skagit Transit is expecting the ridership to increase by 2% in 2020.

**Paratransit:** ADA Paratransit provides specialized transportation comparable with Skagit Transit's fixed-route bus service. So far in 2019, Paratransit boarding increased by 13.2% from 2018 and the ridership projection for 2019 is 76,850. Paratransit ridership is estimated to increase by 5% in 2020 from 2019. Paratransit services will no longer be fare free starting in 2020.

## 2020 Budget

**Vanpool Program:** The Vanpool Program is a service that allows people with long commutes to share the drive to work with others making the same or similar trip. Groups pay a monthly fee and a per mile charge. Skagit Transit maintains the van and provides fuel and insurance. By far the largest number of vanpool users, 64%, are traveling to Snohomish County as Boeing employees. The vanpool program has a goal of increasing the number of vanpool groups by two to five per year, however forecasting demand for the service can be difficult because of variables such as gas prices, tolls, parking, and local employment trends.

**Investment Interest** – Skagit Transit’s reserve funds are invested in the Washington State Treasurer’s Local Government Investment Pool (LGIP). The LGIP rate of return varies and has averaged around 2% for the past few years. Skagit Transit estimates investment interest revenues to be around \$120,000 in 2020.

**State and Federal Grants and Contributions** – Skagit Transit is expecting to receive \$10,009,393 in state, federal and local grants and contributions in 2020. See Grant Budget section for detailed information.

**Non Transportation** - The 2020 budget for miscellaneous revenues total \$80,000, including the rental revenues from concessions, building, and meeting room at the Skagit Station.
