

DATE: August 8, 2019

TO: All Proposers

SUBJECT: IFB 19-013F Construction Management and Inspection Services

### **ADDENDUM #1**

Skagit Transit is issuing this Addendum No. 1 to address the following:

- 1) QUESTION: On page 26 of the RFQ, Item 5. Statement of Prior Contract Termination – you requested a list of contract terminations for cause or convenience in the last 5 years. I was wondering if you could narrow that request for us. With a staff of nearly 1,300 professional over 20 offices and cities, our company is very decentralized. Each office manages it's own contracts and clients, we have no central location to gather this information, we would have to contact each office's principals to survey them. I was wondering if you would consider limiting the list of terminated contracts to those managed by the individuals listed in our proposal. As an Associate of the company, I am responsible for developing my own client relationships and managing my own contracts.

RESPONSE: Yes, we are ok with limiting the list of terminated contracts to those managed by the individuals listed in your proposal.

2) QUESTION: Would you provide us a copy of the preproposal meeting sign-n sheet?

RESPONSE: Yes, see attached.

All other terms and conditions to remain the same.

END OF ADDENDUM #1
